

American Haflinger Registry

To AHR Judges Applicant

Thank you for your interest in pursuit of becoming an accredited AHR Haflinger Judge!

Enclosed you will find the following:

1. The five page application. Please fill out completely and mail to the address shown.
2. Judges Accreditation requirements. These are self explanatory and should be retained by you for reference. These requirements were developed in early 2004. Now, with some experience, they are in the process of review in 2006 by the Judges Committee. If changes are determined to be needed, they will be announced to all Judges, all applicants, and all AHR members.
3. Three separate letters, identified for each required reference. These are to be given by you to the person you choose for that requirement. That person completes the form and mails back to the Judges Committee as shown. This is your responsibility, not the Committee.

Given the volunteer nature of the Committee, and the fact that we are scattered all across the country, it may be many weeks before you hear anything back regarding any determined status.

The chair, Joel Greenisen, is available for questions at 734-434-8708.
